

TITLES OF RECORDINGS

Each part *sung at the piano* is indicated after the title in upper case (B¹ = 1st bass sung)
Each part *played on the piano* is indicated after the title in lower case (a² = 2nd alto played)

- * Each recording features one separate voice-part (eg 2nd Alto, 1st Bass) of a particular choral work. Both CD and cassette formats are available.
- * The voice-part is sung at normal speed, with a piano accompaniment including cues from other voice-parts to help later entries.
- * Some difficult musical passages are presented again at the end, at a slower speed, with hints on how to practise them.
- * Some works are presented in an alternative format, with the voice-parts played and accompanied on the piano.
- * New recordings are constantly being made and these may not appear on the current web-site catalogue.
- * Special recordings can be made to meet individual requirements where a particular work is not in stock.
- * All orders are dealt with promptly and are sent by first-class post.

Prices as at April 2010 (including UK p&p)

Single recording of one voice-part of one work £6.95

Each additional copy of the same voice-part whether ordered with the first copy, or subsequently by a member of the same choir. £4.95

Reductions made if any two works ordered fit on to one CD or tape.

Charges for special recordings and compilations by agreement.

Further reductions are made for blind or partially sighted singers.
Titles marked * are also available on loan from the RNIB Library.
